

Konnected Talent Solutions

Aligning Talent with Opportunity

At Konnected Talent Solutions, we specialize in connecting healthcare and logistics companies with qualified professionals in just 2–3 days. Whether you need nurses, drivers, or warehouse staff, we deliver fast, reliable, and flexible hiring solutions—from direct hire and contract staffing to trial placements—backed by credential verification and a 60-day replacement guarantee. Here’s an overview of our solutions designed to support your business and your workforce.

Direct Hire

We connect you with long-term employees who not only meet the job requirements but also align with your culture. Perfect for permanent roles where retention matters most.

Contract Staffing

Need flexibility? We provide reliable professionals on a contract basis so you can scale your workforce up or down depending on seasonal demands or short-term projects.

Trial Placements

Test the waters with our low-risk trial placement option. Gain confidence in your hire before making a full commitment.

Talent Sourcing & Pipeline Development

We build a pool of pre-screened, credentialed candidates so you can move faster when future needs arise.

Credential Verification & Background Support

We verify licenses and credentials for healthcare talent and offer optional background check services for logistics roles, ensuring compliance and quality.
